## Memorial Tablet to the Late Solomon Luna to Be Placed in Valencia County Court House

### COMMISSIONERS OF HOME COUNTY TAKE LEAD IN STATE MOVEMENT

Friends of Famous New Mexican Will Have Opportunity to Participate in Expense of the Tribute.

WILL BE UNVEILED ON ANNIVERSARY OF DEATH

W. S. Strickler of Albuquerque Designated to Receive \$10 Subscriptions From Those Who Desire to Join.

As a lasting tribute to the memory of the late Solomon Luna, a life size memorial tablet is to be built and placed in the Valencia county court house at Los Lunas in the immediate future, the tablet to be unveiled with fitting ceremonies on August 29, 1914, the anniversary of Mr. Luna's death.

Close friends of Mr. Luna have been considering plans for this memorial tablet for some time, and the commissioners of Valencia county, where he made his home and for which he did so much during his active life, some time ago expressed a desire to erect the tablet at the expense of the county, being assured that the people would unanimously approve their action.

Mr. Luna's friends, however, felt that the tribute should be something more than a local one and after several conferences the matter took the form of a statewide tribute to the New Mexico leader. A committee was named by the Valencia county commissioners, consisting of W. S. Strickler of Albuquerque, Eugene Kempenich of Peralta, Judge M. C. Mechem, H. O. Bursum, Jose S. Baca, H. M. Dougherty of Socorro and Ed M. Cifers of Los Lunas, to take charge of the project. This committee has determined to make the tablet a tribute from the people of New Mexico and to that end will receive subscriptions in the sum of \$10 each from all those in the state who care to participate. The total cost of the tablet, which will be life size, and the preliminary designs for which have been made will be approximately \$1500, a sum which would be subscribed immediately by Mr. Luna's more intimate friends and associates; but the committee has felt that Mr. Luna's acquaintance was so wide, his friends

THE LATE SOLOMON LUNA.

so many and his services to New Mexico so great that the people of the whole state would desire to be recorded in the list of those paying this final and enduring tribute to his memory.

To that end Mr. W. S. Strickler of Albuquerque has been made treasurer of the committee and the memorial tablet fund, and those who desire to participate in the tribute to Mr. Luna's memory should forward checks to him at Albuquerque at once. The design for the tablet must be determined upon at once in order that it may be ready by the coming August, and those who expect to contribute are requested to do so at once.

The county commissioners of Valencia county, according to Mr. Kempenich, chairman of the board, propose to make the unveiling of the tablet next August an impressive tribute to Mr. Luna's memory. Mr. Kempenich came to Albuquerque yesterday to conclude plans for the tablet and its unveiling with Mr. Strickler, leaving for his home this morning. Prominent men in and out of New Mexico who were associated with Mr. Luna in business and government, will be invited to take part in the unveiling ceremonies and the day will take its place as one of the important events in the history of the state.

The tablet, which will be of bronze, will bear the following inscription: "This tablet was given to the county of Valencia in memory of Solomon Luna, by the people of New Mexico, with the dates of Mr. Luna's birth and death. As outlined, it will be at once simple and impressive, and a lasting tribute to the memory of one of the state's strongest men."

Mr. Strickler, and the members of the committee associated with him, ask that the newspapers of the state give immediate publicity to the project and that those who wish to participate, send their checks for \$10 to Mr. Strickler at once so that there may be no delay in completing the plans.
